ADEWUYI, FAITH IYANUOLUWA

Tel: +234810 032 2494   **E-mail:** faith.adewuyi18@gmail.com

Ipaja, Lagos State.

Profile: I am a dedicated and user-focused Front-end developer adept at programming to deliver an immersive and engaging user experience through efficient website development, proactive feature optimization and relentless debugging. I am an innovative, creative and proven team player. I am skilled at contributing to a highly collaborative work environment, finding solutions and determining customer satisfaction.

Objective: To apply my passion for coding to a talented engineering team to develop quality solutions

Skills/Attributes

- Proficiency in HTML, CSS, Javasript
- Adept at React JS and Bootstrap
- Ability to write clean, semantic, and accessible code
- Familiarity with CSS libraries such as Bootstrap
- Understanding of web performance optimization techniques
- Experience with version control systems such as Git
- Knowledge of web accessibility standards and best practices
- Experience with debugging tools and techniques
- Ability to work with designers to translate designs into code.
- Microsoft Office Package (Word, Excel, Power Point)
- Experience with debugging tools and techniques
- Ability to work with designers to translate designs into code

Training and Certification

2023: Women Techsters Bootcamp 2.5 Training in Software Development

2023: New Horizon: Front-End Web Development
       Tasks

- Learnt front-end object-oriented programming to develop client server systems.
- Tested sites for usability while addressing bugs.
- Designed user-interactive landing page, utilizing tools like HTML, CSS and Javascript
- Resolved complex challenges by utilizing modern web application development processes and standard methodologies.
- Worked to create tools that enhance user interaction in any browser.
- Implemented websites and landing pages from concept through deployment.

- Assisted in building beautiful user interfaces without compromising functionality for aesthetics.
- Ensured efficient web development by supporting designers and app developers while resolving website performance issues.

Work Experience

2019 – 2023: Imperial College: Instructor

Key Responsibilities

- Planned and designed standards-based lessons for diverse groups of learners
- Used energetic and creative teaching methods to ensure students remained engaged, using a wide variety of teaching resources such as interactive whiteboards
- Taught daily lessons with various modalities to target various learning styles
- Ensured all students fully understood the curriculum provided individualized support to students who required extra tutoring
- Mentored the students and support staff
- Maintained an up-to-date record of each student's progress within all areas of the curriculum factoring areas of improvements and the student's ability to the teaching methodology.
- Volunteered time for extra-curricular activities

Education

- **M. Sc. Food Science and Technology, Obafemi Awolowo University**   *2019*
- **B. Tech. Food Science and Technology, Ladoke Akintola University**   *2014*
